

5 to Try: Chocolate Desserts

By [Christine Liu](#), Boston Editor

Death by chocolate.

Loving. Luscious. Lascivious. In our book, chocolate can do no wrong. Lap up Boston's best loco-for-choco treats, from sweet, silky mousses to freakishly fudgy cakes. Experience the magical cacao bean in all its forms--sweet, bitter, creamy. (Drooling yet?) Go on, gorge. We hear they're ... anti-oxidant.

The granddaddy of death-by-cocoa-butter, the plush desserterie's molten chocolate cake plunges one into a debauched state not often seen. Many will try to replicate the hot, oozing dessert's charms, but there's no parallel to this baked-to-order gooey-centered cake. Gilding the lily are the coffee gelato, chocolate-covered almonds and Valrhona sauce. Ready, set ... gone.
